Can you provide an overview of you and your services please...we always need pattern cutters on our site for our 60,000 unique users. If we had a profile about you and your areas of expertise then we would direct more users to you.

Please send this information over to jojoj@fashioncapital.co.uk

Regards

Hi,
Could you please send me a detailed CV of how you work.
Can you make patterns from individual measurements and create finished, lined garments?
Many Thanks,
Alexandra
