
FTV Fashion/Catwalk Model With Acting Experience

Posted by Tienne - 2008/03/27 13:01

I am now leaving the country to shoot with FTV photographers, including underwater modeling with Mick Gleissner and also work on an Action Film set in the Philippines. When I am back in the second week of May I will have a gorgeous tan and a lot of modeling and acting experience.

As I have decided to make modeling my full time career I am now taking bookings for May and the rest of the summer period.

When sending a message please include details of the assignment, date, time, budget and location.

Look forward to hearing from you!

Tienne
