Hi Joe, I would say the majority of users on this site are designers, press and buyers. Hope you are lucky with the buyers market here with your entry.

This is exactly why we opened up the members forum for serious designers - we offer an agency agreement called Representing for more established designers and this is how we have managed to open accounts with TopShop and also with Asos.com - with the later just click Independent designers and you will see Fashion Enter's designers on here. Fashion Enter is our sister company.

Best of luck with your buying trip. If you do decide to join us we can help you as much as possible.

If you require further details re membership please send an e to [jenni@fashion-enter.com](mailto:jenni@fashion-enter.com) or [emily@fashioncapital.co.uk](mailto:emily@fashioncapital.co.uk).

WE also have two boutiques that we can sell direct to the public too.

Regards
