I have a small order to get out and the buyer now wants stone washed denim?

Hello Narisa,

Have you tried looking at the Manufacturer's Online Showroom on www.fashioncapital.co.uk? This is a quick and easy to use filter system provided to help designers find the perfect manufacturer for you. All you need to do is type in your specific requirements and then hit submit query and your perfect matches will appear in alphabetical order with their contact details for you.

This may help you find stone washed denim if you search for manufacturers who work with this fabric, they should be able to tell you where you can find it.

Kind Regards

Emily
