Hi Pepper

i am perfect for your position. Please contact me for potstanding work.

I am a strong Illustrator/Designer with fantastic industry experience. I have a commercial eye, strong graphic and glamorous handwriting. Excellent CAD skills and a sound working knowledge of range planning, design development, trends and manufacturing procedures.

I have progressed to Senior level for several of the UK 's leading retailers over the years including Peacock, Marks & Spencer,

Penneys, Primark and more. I have also had vast experience designing childrens, ladies and men's Licensed Brands including Disney- Barbie, Thomas The Tank Engine, Dora The Explora, Betty Boop, Umbro, Power Rangers, The Simpson's and more.

Additionally I have work with Suppliers like House of Trends in Germany, C & A in Paris and Malasian Airways. At present I am freelancing for a Childrenswear Company, my daily duties include: meeting with buyers, mood-boards, producing CAD's for the factories. The designing of surface pattern & placement prints, graphics and garments for babies/toddlers right through to early teens.

I work on all areas of design and do it with a passion, sourcing embellishments, sourcing fabrics and have good pattern making knowledge with attention to detail being paramount. I can create inspirational story boards on fabrics, colour swatches, design garment labels, brand logos and packaging.

I am creative and extremely talented, along with having excellent illustrative skills. All of this is driven by a strong forward thinking attitude, which has enabled me to quickly develop and produce outstanding work.

I am aiming to work for a company that will appreciate my efforts whilst making a positive contribution to their further success.

My skills have helped me thrive in a variety of environments where complete professionalism is required and where there is pressure to keep to tight deadlines. These skills are complemented with a strong sense of loyalty, dedication and great sense of humour.

Best Regards

Donna
