
New York Profile Event

Has anyone here taken part before?

At what stage does your label need to be as I would love to enter but do not have production set up and as yet have been producing all pieces myself. My long term plan is to outsource production so I'm wondering if you can enter your range for Profile before you have sourced production?.

Hi you really do need to have your production sourced ready to go. This is a trade event and as such there will be press and buyers there in the Big Apple reviewing your label.

As part of your membership to www.fashioncapital.co.uk we help you every step of the way with production and sourcing but perhaps this may be too late for you this season. There is always the next year!

Remember in the mean time use us and our services; this is why we have boutiques so you can trial your new silhouettes and shapes. We help with the sourcing and finding our production facilities (see Manufacturers Online Showroom on this site) and much more besides.

Keep going...best of luck!
