
Creative Studio Work Experience

Posted by catharinaeden - 2008/08/18 08:56

Hi There,

We are working on a show collection to go to NYC and we have a work experience position open for a fashion student!

Your job would include, depending on ability, general helping with fabric sourcing, cutting and sewing by machine and by hand.

Possible future work available too.

Please apply to info@catharina.co.uk

Many thanks.
