<http://www.uggdeals.com>

UGGdeals.Exp.Co.,Ltd is a Chinese professional wholesale and retail trading company. We are engaged in online export business and provide newest and high quality ugg products for international buyers and ebay sellers. All the ugg products are directed toward consumers who value luxury, comfort and the highest quality footwear available. Only the finest materials are used in the construction of our products the highest quality leathers and suedes, and of course, the world's finest sheepskin. We take great care to ensure that every shoe is going to feel great from the moment our consumer tries it on and guarantee a long-lasting comfortable fit.

We have accumulated abundant experience and established stable and credible business relationships with customers worldwide. We cooperate directly with factory, so the price of the product are lowest, and the quality are best. With rich experience in dealing with all types of large and small orders, we have developed extensive contacts with many local and international freight organizations. Consequently, we are able to ship our goods safely and reliably to almost anywhere in the world.

"Customer the Highest, Quality First" is the principle the company always sticks to. The number one goal of us is to make sure that customers are always satisfied. All the company staff regard "credit value, customer first" as standard, and customers' satisfaction as rule. We are always trying to improve our site and relationship with customers. Welcome customers to negotiate business and establish long-term friendly cooperation relationships with us in the near future.

Hi this is not business issues but an advert and as such we do not allow this on our site. can I suggest that you send this information to Emily@fashioncapital.co.uk along with photographs and this can then be uploaded as a profile (under News section).

You can also add your details on to the business directory (see business) as well as free advertising.

This post will be removed within 24 hours.
