
Fashion salesmen required

Posted by Jan Rowsell (imported from previous forums) - 2003/10/08 13:57

I am currently designing ranges for a company with factories in Indonesia and China and we are in need of some help to sell the ranges here in the UK. The successful applicant will have many contacts within the retail sector accross mens, womens and childrens wear. They must be self motivated and well versed in offshore production for a variety of High Street retailers. Please contact me if you are interested. Many Thanks
