Hi

I am looking for budding male models to help me out with a few shoots I am doing for my magazine. I am creating a magazine from scratch and it will be finished in May 06. I am looking for 'new faces' and talented male models to help me bring my magazine to life.

The pictures you will get out of it will be great for your portfolio and the photographer is very professional and will guarantee you great pics.

I will not be able to pay you but you will be given a selection of photos for your website/ agency/ portfolio.

If you are interested, email me on: princesskyrsty@hotmail.com

THANKS!!

kyrsty x :)
